Professional Landscaping Designers

Bellaire Landscape has had the honour and pleasure of designing and building extraordinarily beautiful landscapes for homes and businesses across the Windsor-Essex County area for over 15 years.

With innovative and creative design plans along with a detailed implementation process Bellaire Landscape is your ideal choice for professional landscaping. We work very closely with our clients in every step of the landscaping design and construction process to ensure that all goals are realized and financial budgets are respected and adhered to.

Bellaire Landscape designs win

Maidstone company Bellaire Landscape was recognized for two lavish projects this year at Landscape Ontario's annual Awards of Excellence in the \$100,000 to \$250,000 category.

With that kind of money, you can get a pretty fancy yard. According to Bellaire, the winning designs featured refurbished pools, outdoor fireplaces, shade structures, intricate paving patterns, plantings, night lighting and irrigation systems.

Bellaire also took top prize at the Unilock 2012 awards in the outdoor living category.
